

Employee Policy Handbook 2026-27

Halcyon Logistics Pvt Ltd

1. Employment and Probation

New employees serve a probation period of 6 months from their joining date. The reporting manager may extend probation once by up to 3 months after a documented review. Confirmation is issued in writing by Human Resources after satisfactory performance and completion of joining formalities. Employees must submit identity, address, qualification and bank details within 7 calendar days of joining. During probation, either party gives 15 calendar days of notice; after confirmation, the notice period is 60 calendar days. Any waiver or payment in lieu requires written approval from Human Resources. Changes to personal or bank details must be reported within 5 working days, and false joining records may lead to disciplinary review.

2. Working Hours and Attendance

The normal working week runs Monday to Friday, with 8 working hours per day and a 1-hour meal break. Office hours are 9:30 a.m. to 6:30 p.m.; core availability is required from 10:00 a.m. to 4:00 p.m. Employees record attendance through the approved attendance system each working day. Arrival more than 15 minutes after the scheduled start is treated as late. Three late arrivals in a calendar month trigger a manager discussion; further instances require Human Resources review. Overtime must be approved in writing before work begins and recorded within 2 working days. Eligible staff receive compensatory time at 1 hour for each approved overtime hour, to be used within 30 days. Unapproved overtime does not create a compensatory time entitlement.

3. Leave Entitlement

Confirmed employees receive 18 days of earned leave, 8 days of casual leave and 10 days of sick leave per calendar year, prorated for joining or leaving during the year. Earned leave requests must be submitted at least 7 calendar days in advance and approved by the manager. Up to 12 days of earned leave may be carried forward to the next year. Any balance above this limit lapses on 31 December. Casual leave cannot be carried forward, and unused sick leave also lapses at year end. Sick leave exceeding 2 consecutive working days requires a medical certificate within 3 working days of return. At separation, up to 30 days of accumulated earned leave may be encashed at the daily basic salary rate; casual and sick leave are not encashable.

4. Remote Work and Hybrid Policy

Confirmed employees in roles approved for hybrid work may work remotely for up to 2 days per week with prior manager approval. Probationary staff and employees whose duties require an on-site presence are not eligible unless Human Resources grants a written exception. Remote work requests must be entered at least 2 working days ahead and must identify the work location. Employees remain available during core hours and use only approved systems for company information. Eligible hybrid employees may claim an internet allowance of up to INR 1,000 per month against a bill submitted by the 5th of the following month. The manager may withdraw remote work approval with 7 calendar days of notice for performance, security or operational reasons.

5. Performance Appraisal and Increments

Performance is reviewed twice each year, in April and October, against goals agreed with the reporting manager. The annual compensation review takes place in April for employees who have completed at least 6 months of service by 31 March. Ratings use a 5-point scale, where 1 means needs significant improvement and 5 means outstanding performance. Annual increments normally range from 0% to 12% of fixed annual pay, subject to the rating, company results and approved budget; no increment is guaranteed. Employees receive their review summary in writing and may request reconsideration within 10 working days. Human Resources arranges a second-level review within 15 working days of that request and communicates the recorded decision.

6. Compensation and Payroll

Monthly salary is credited to the registered bank account on the last working day of each month. Fixed pay consists of basic salary at 40% of fixed gross pay, house rent allowance at 20% and other allowances at 40%, as recorded in the appointment letter. Under this handbook, employee and employer provident fund contributions are each 12% of basic salary for eligible enrolled employees, with applicable statutory requirements taking precedence. Variable pay has a target of up to 10% of annual fixed pay and is paid after the annual review, subject to performance and company results. Payroll queries must be raised within 7 calendar days of the payslip. Bank changes received after the 15th take effect in the next payroll cycle.

7. Travel and Expense Reimbursement

Business travel requires written manager approval at least 5 working days before departure, except emergencies approved before booking. Domestic hotel reimbursement is capped at INR 4,000 per night in metro cities and INR 3,000 per night elsewhere, excluding applicable taxes. Meals are reimbursed against receipts up to INR 800 per day; alcohol and personal entertainment are excluded. Approved use of a personal car is reimbursed at INR 10 per kilometre and a two-wheeler at INR 4 per kilometre, supported by a route and distance log. Claims with approval and itemised receipts must be submitted within 15 calendar days of return. Finance processes complete claims within 10 working days; any limit exception requires prior written Finance approval.

8. Training and Certification Support

Each confirmed employee has an annual learning budget of INR 20,000 and is expected to complete at least 24 learning hours during the financial year. Courses and certifications require manager approval before enrolment and must relate to the employee's role or an agreed development plan. Approved examination fees are reimbursed for one attempt per certification, with proof of payment and the result submitted within 15 calendar days. Company support exceeding INR 15,000 for a single programme requires a 12-month service agreement signed before payment. If the employee voluntarily leaves during that period, the supported amount is recovered proportionately for the unserved months. Unused learning budget cannot be carried forward or exchanged for cash.

9. Information Security and Device Use

Employees must use unique passwords of at least 12 characters and enable multi-factor authentication wherever available. Passwords must not be shared and must be changed immediately if compromise is suspected. Company devices must use approved encryption, security software and automatic screen locking after no more than 5 minutes of inactivity. Lost devices or suspected information exposure must be reported to IT and the manager within 1 hour of discovery. Company data may not be copied to personal email, storage or unapproved applications. Employees complete a 60-minute security awareness course within 30 days of joining and annually thereafter. On separation, devices and accessories must be returned to IT by the last working day.

10. Grievance and Disciplinary Procedure

Employees may raise a grievance with their manager in writing; acknowledgement is due within 2 working days and an initial response within 7 working days. If unresolved, the employee may escalate to Human Resources, which reviews the matter within 10 working days. Ordinary disciplinary stages are a documented discussion, written warning and final warning, followed by further action if needed; serious misconduct may move directly to formal review. A show cause notice gives at least 3 working days for a written response before a decision is recorded. Harassment complaints are referred to the designated internal committee within 1 working day, with an inquiry target of 90 calendar days subject to applicable requirements. Retaliation is prohibited and records are kept confidential.
